

User Guide

Dear Patient!

To access images taken at the Medical Imaging Clinic of the University of Pécs we would like to help you with the following guide.

You need to open the website <https://aspyra-login.pte.hu> in your web browser. The website can be accessed with the following browsers: Internet Explorer, Firefox, Chrome, Safari.

To access this website, please identify yourself by entering **00001213794** number in the appropriate space, then click the submit button.

By SMS you will receive a one-time use password (valid for one hour), please enter it in the appropriate place.

If all identifications have been successful, please enter in the login window below the email address and the password you received in the email, which you will need to change during the first login.

The password must meet the following requirements:

- the password must not contain the user name
- the password must contain a minimum of 8 characters.
- must not contain more than 1 upper case letter
- minimum 1 number
- minimum 1 special character (*-! etc.).

After successful login, the images of the examinations performed will be available. If only a single examination has been performed, it will be opened immediately, if more than one, you can choose from a list, which examinations you wish to view. You can select the desired examination by clicking on it with the left mouse button once.

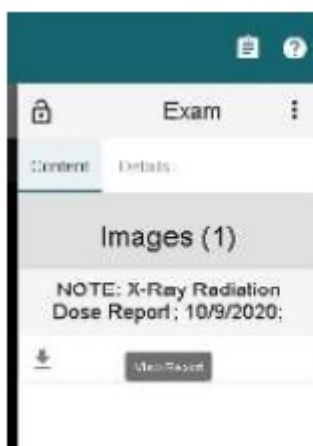

If the scan contains several images, you can use the mouse scroll wheel to move between the images.

By clicking on the icon or download it as a PDF file.

in the right-hand corner, you can select the report

If you have any questions or problems, please contact us:
